Human Rights Major

[Course descriptions](#)

The field of concentration in Human Rights gives students an understanding of the legal instruments, norms, and institutions that constitute contemporary human rights law, as well as the social movements, cultural practices, and literary and artistic representations that have and continue to imagine the human rights ethic in various ways. In recent years, the human rights dimensions of many of the most vexing and pertinent issues at the global, national, and local level have gained prominence – including the problems of environmental deterioration, economic inequality, and ethnic and religious conflict. Students who major in Human Rights will be better equipped not only to understand the complex nature of these and other issues, but also to develop and pursue novel approaches toward a better world. In addition to

studying the manifold histories, theories, and practices of human rights in a systematic and comprehensive manner, students majoring in Human Rights will also develop more specialized methodological and topical expertise in a second discipline.

To complete the Major in Human Rights, students are required to complete an additional, primary major offered in the College of Liberal Arts and Sciences or an additional degree program offered in another University School or College. For students completing a double major within the College of Liberal Arts and Sciences, a minimum of 48 credits without overlap is required to earn both majors and students will receive one degree appropriate to their primary major.

For students completing a dual degree, at least 30 degree credits more than the degree with the higher minimum-credit requirement must be completed (a minimum of 150 credits) and students will receive a Bachelor of Arts in Human Rights along with another degree appropriate to their second program. It is recommended that Human Rights majors declare their primary major by the end of their third semester.

Recommended course: [HRTS 1007](#)

Requirements for the Major in Human Rights

Undergraduate majors must complete a total of 36 credits: 9 credits of core courses with at least one course in each of groups A, B and C; 12 credits of elective courses from the lists of core courses (A, B and C) or elective courses; 12 credits of related courses as approved by the Director of the Human Rights Major; and [HRTS 4291](#) or [4996W](#).

Core Courses

A. Institutions and Laws

[ANTH/HRTS 3230/W](#); [HIST/HRTS 3202](#); [HRTS 3050, 3055, 3200/W](#), [HRTS/POLS 3212](#), [HRTS 3420, 3428](#); [HRTS/SOCI 3831, 3837/W](#).

B. History, Philosophy and Theory

[ANTH/HRTS 3326](#); [ANTH/HRTS/LLAS 3327](#); [ECON 3128](#); [ENGL/HRTS 3631](#); [HIST/HRTS 3201, 3207, 3232](#); [HRTS/POLS 3042](#); [HRTS/PHIL 3220/W](#); [HRTS 3710](#).

C. Applications and Methods

HRTS

Revise [Minor](#)

Current Copy:

Human Rights Minor

This minor provides interdisciplinary instruction in theoretical, comparative, and historical perspectives on human rights through classroom courses, and valuable practical experience in the human rights field

through a supervised internship. Fifteen credits at the 2000-level or above are required; at least three credits from Group A (Institutions and Laws or History, Philosophy, and Theory) and three credits from Group B (Applications and Methods); no more than six credits from Group C (Electives); and three credits from Group D (Internship). No more than six credits taken in any one department may be applied to this minor.

Group A

Institutions and Laws

[ANTH/HRTS 3230/W](#); [HIST/HRTS 3202](#); [HRTS 3050, 3055](#), [HRTS/POLS 3212, 3200/W, 3420, 3428](#); [HRTS/SOCI 3831, 3837/W](#).

History Philosophy and Theory

[ANTH/HRTS 3326](#); [ANTH/HRTS/LLAS 3327](#), [ECON 3128](#); [ENGL/HRTS 3631](#); [HIST/HRTS 3201, 3207, 3232](#); [HRTS/POLS 3042](#); [HRTS/PHIL 3220](#); [HRTS 3710](#).

Group B Applications and Methods

[BADM 3252](#) or [BLAW 3252/HRTS 3252](#); [BADM 3254](#) or [BLAW 3254](#) or [HRTS 3254](#); [DRAM/HRTS 3139](#); [ENGR 3257](#) or [HRTS 3257](#); [HRTS 3149/W, 3250/W, 3475, 3540](#); [POLS/HRTS 3256/W, 3430](#); [SOCI/HRTS 3835](#).

Group C Electives

2021-281

Economics

Revise [Major](#)

Current Copy:

A student majoring in economics should acquire a thorough grounding in basic principles and methods of analysis, plus a working competence in several of the specialized and applied fields. Examples of such fields are industrial organization, law and economics, money and banking, international trade and finance, public finance, labor economics, health economics, urban and regional economics, and economic

development. The major in economics can lead to either a Bachelor of Arts or a Bachelor of Science degree.

Course work in economics serves a wide variety of vocational objectives. An economics major (supplemented by a rigorous calculus and statistics course sequence) is excellent preparation for graduate work in economics, which qualifies a person for academic, business, or government employment. Majors and others with strong economics training are attractive prospects for business firms and government agencies, and for professional graduate study in business or public policy. An economics background is especially desirable for the study and practice of law. The economics B.S. is recommended for students interested in professions that call for quantitative skills. The B.S. is especially recommended for Honors students and students considering graduate school in economics or other quantitative areas.

For an economics major that leads to a Bachelor of Arts degree, students must learn twenty-four credits in courses at the 2000 level or above, including two intermediate theory courses ([ECON 2201](#) or [2211Q](#) and [2202](#) or [2212Q](#)), plus at least nine credits in either quantitative skills courses ([ECON 2301–2328](#)) and/or ECON courses at the 3000 level or above. No more than six credits in [ECON 2499](#) and/or [3499](#) may be counted toward the required 24 credits in economics courses at the 2000 level or above. [ECON 2481](#) does not count toward fulfilling the major requirements.

Economics B.A. majors are also required to pass twelve credits in 2000-level or above courses in fields related to economics or to fulfill a minor related to economics. In addition, all Economics majors must take [STAT 1000Q](#) or [1100Q](#) and one of the following: [MATH 1071Q](#), [1131Q](#), [1151Q](#) or [2141Q](#). [STAT 1100Q](#) is recommended over [STAT 1000Q](#). [ECON 2311Q](#) is a recommended course for the B.A. Students may substitute more advanced MATH and STAT courses with consent of the faculty advisor.

For an economics major that leads to a Bachelor of Science degree, students must take [STAT 1000Q](#) or [1100Q](#) ([STAT 1100Q](#) is recommended over [STAT 1000Q](#)) and one of the following MATH sequences: [MATH 1131Q](#) (or [1151Q](#)) and [1132Q](#) (or [1152Q](#)); or [MATH 2141Q](#) and [2142Q](#). In addition, B.S. majors must also take one of the following: [MATH 2110Q](#) or [2130Q](#) or [2210Q](#) or [2410Q](#) or [2420Q](#). Students may substitute more advanced MATH and STAT courses with consent of the advisor.

B.S. students must take one of the following science sequences in Biology, Chemistry, or Physics:

- Biology: [BIOL 1107](#) and either [BIOL 1108](#) or [1110](#).
- Chemistry: [CHEM 1124Q](#), [1125Q](#), [1126Q](#); or [CHEM 1127Q](#), [1128Q](#); or [CHEM 1137Q](#), [1138Q](#); or [CHEM 1147Q](#), [1148Q](#).
- Physics: [PHYS 1201Q](#), [1202Q](#); or [PHYS 1401Q](#), [1402Q](#); or [PHYS 1501Q](#), [1502Q](#); or [PHYS 1601Q](#), [1602Q](#).

One of these courses may be used to fulfill the CA 3 lab requirement of the University's general education requirements. In addition, students must take one other CA 3 course from a different subject area, but it need not be a lab course.

B.S. majors must also earn 29 credits in courses at the 2000-level or above, including two quantitative intermediate theory courses ([ECON 2211Q](#) and [2212Q](#)); a sequence in econometrics ([ECON 2311Q](#) and [2312Q](#)); and at least six credits from the following modeling and methods courses [ECON 2301](#), [2326](#), [2327](#), [3208](#), [3313](#), [3315](#), [4206](#), [4323](#). Students may substitute equivalent graduate-level courses with consent of the advisor. B.S. majors may fulfill the requirement for [ECON](#)

[2211Q](#) and [2212Q](#) by taking [ECON 2201](#), [2202](#), and [2301](#), in which case [ECON 2301](#) cannot be used to fulfill the requirement for six credits in modeling and methods courses. B.S. majors may not count [ECON 2481](#) toward the major, nor may they count more than six credits in [ECON 2499](#) and/or [3499](#).

B.S. majors are also required to pass 12 credits in 2000-level or above courses in a field or fields related to economics. These related area courses may count toward a minor in a field related to economics. For both the B.A. and B.S., the intermediate theory courses ([ECON 2201](#) or [2211Q](#) and [ECON 2202](#) or [2212Q](#)) should be taken early in the student's major program. The department has special requirements for economic majors in the University Honors Program.

Economics majors satisfy the information literacy competency by passing at least one W course in Economics. Students may gain enhanced competence in information literacy by taking [ECON 2311Q](#), [2312Q](#), [2326](#), or [2327](#). Economics majors satisfy the writing in the major requirement by passing at least one W course in Economics.

A minor in Economics is described in the "[Minors](#)" section.

Proposed Copy:

A student majoring in economics should acquire a thorough grounding in basic principles and methods of analysis, plus a working competence in several of the specialized and applied fields. Examples of such fields are industrial organization, law and economics, money and banking, international trade and finance, public finance, labor economics, health economics, urban and regional economics, and economic development. An economics background is especially desirable for the study and practice of law. The economics B.S. is recommended for students interested in professions that call for quantitative skills. The B.S. is especially recommended for Honors students and students considering graduate school in economics or other quantitative areas.

For an economics major that leads to a Bachelor of Arts degree, students must learn twenty-four credits in courses at the 2000 level or above, including two intermediate theory courses ([ECON 2201](#) or [2211Q](#) and [2202](#) or [2212Q](#)), plus at least nine credits in either quantitative skills courses ([ECON 2301–2328](#)) and/or ECON courses at the 3000 level or above. No more than six credits in [ECON 2499](#) and/or [3499](#) may be counted toward the required 24 credits in economics courses at the 2000 level or above. [ECON 2481](#) does not count toward fulfilling the major requirements.

Economics B.A. majors are also required to pass twelve credits in 2000-level or above courses in fields related to economics or to fulfill a minor related to economics. In addition, all Economics majors must take [STAT 1000Q](#) or [1100Q](#) and one of the following: [MATH 1071Q](#), [1131Q](#), [1151Q](#) or [2141Q](#). [STAT](#)

[1100Q](#) is recommended over [STAT 1000Q](#). [ECON 2311Q](#) is a recommended course for the B.A. Students may substitute more advanced MATH and STAT courses with consent of the faculty advisor.

For an economics major that leads to a Bachelor of Science degree, students must take [STAT 1000Q](#) or [1100Q](#) ([STAT 1100Q](#) is recommended over [STAT 1000Q](#)) and one of the following MATH sequences: [MATH 1131Q](#) (or [1151Q](#)) and [1132Q](#) (or [1152Q](#)); or [MATH 2141Q](#) and [2142Q](#). In addition, B.S. majors must also take one of the following: [MATH 2110Q](#) or [2130Q](#) or [2210Q](#) or [2410Q](#) or [2420Q](#). Students may substitute more advanced MATH and STAT courses with consent of the advisor.

B.S. students must take one of the following science sequences in Biology, Chemistry, or Physics:

- Biology: [BIOL 1107](#) and either [BIOL 1108](#) or [1110](#).
- Chemistry: [CHEM 1124Q](#), [1125Q](#), [1126Q](#); or [CHEM 1127Q](#), [1128Q](#); or [CHEM 1137Q](#), [1138Q](#); or [CHEM 1147Q](#), [1148Q](#).
- Physics: [PHYS 1201Q](#), [1202Q](#); or [PHYS 1401Q](#), [1402Q](#); or [PHYS 1501Q](#), [1502Q](#); or [PHYS 1601Q](#), [1602Q](#).

One of these courses may be used to fulfill the CA 3 lab requirement of the University's general education requirements. In addition, students must take one other CA 3 course from a different subject area, but it need not be a lab course.

B.S. majors must also earn 29 credits in courses at the 2000-level or above, including two quantitative intermediate theory courses ([ECON 2211Q](#) and [2212Q](#)); a sequence in econometrics ([ECON 2311Q](#) and [2312Q](#)); and at least six credits from the following modeling and methods courses [ECON 2301](#), [2326](#), [2327](#), [3208](#), [3209](#), [3313](#), [3315](#), [4206](#), [4323](#). Students may substitute equivalent graduate-level courses with consent of the advisor. B.S. majors may fulfill the requirement for [ECON 2211Q](#) and [2212Q](#) by taking [ECON 2201](#), [2202](#), and [2301](#), in which case [ECON 2301](#) cannot be used to fulfill the requirement for six credits in modeling and methods courses. B.S. majors may not count [ECON 2481](#) toward the major, nor may they count more than six credits in [ECON 2499](#) and/or [3499](#).

B.S. majors are also required to pass 12 credits in 2000-level or above courses in a field or fields related to economics. These related area courses may count toward a minor in a field related to economics. For both the B.A. and B.S., the intermediate theory courses ([ECON 2201](#) or [2211Q](#) and [ECON 2202](#) or [2212Q](#)) should be taken early in the student's major program. The department has special requirements for economic majors in the University Honors Program.

Economics majors satisfy the information literacy competency by passing at least one W course in Economics. Students may gain enhanced competence in information literacy by taking [ECON 2311Q](#), [2312Q](#), [2326](#), or [2327](#). Economics majors satisfy the writing in the major requirement by passing at least one W course in Economics.

A minor in Economics is described in the "[Minors](#)" section.

Current Copy:

ENGL 3609. Women's Literature

Also offered as: WGSS 3609

3.00 credits

Prerequisites: ENGL 1007 or 1010 or 1011 or 2011; **open to juniors or higher.**

Grading Basis: Graded

Works written by women from different countries and centuries. CA 4.

Proposed Copy:

ENGL 3609. Women's Literature

Also offered as: WGSS 3609

3.00 credits

Prerequisites: ENGL 1007 or 1010 or 1011 or 2011.

Grading Basis: Graded

Works written by women from different countries and centuries. CA 4.

[\[return to top\]](#)

2021-283 [9764](#) ENGL/WGSS 3611 Revise [Course](#) (G)(S)

2021-284 [10467](#) COMM 5895

Revise [Course](#)

Current Copy:

COMM 5895. Variable Topics in Communication

1.00 - 3.00 credits | May be repeated for a total of 18 credits.

Prerequisites: None.

Grading Basis: Graded

Instructor consent required. May be repeated for credit with a change in topic.

Proposed Copy:

COMM 5895. **Special** Topics in Communication

1.00 - 3.00 credits | May be repeated for a total of 18 credits.

Prerequisites: None.

Grading Basis: Graded

Instructor consent required. May be repeated for credit with a change in topic.

[\[return to top\]](#)

2021-285 [10506](#) HDFS 5342

Revise [Course](#)

Current Copy:

HDFS 5342. Parent Education

3.00 credits

Prerequisites: Open to graduate students in Human Development and Family Sciences, others with instructor consent.

Grading Basis: Graded

Planning, implementation, and evaluation of parent education programs for individuals and groups. Development and use of materials for such programs.

Proposed Copy:

HDFS 5342. **Parenting, Parenthood, and Family Science Interventions**

3.00 credits

Prerequisites: Open to graduate students in Human Development and Family Sciences, others with instructor consent.

Grading Basis: Graded

Parents' roles, identities, and behavior and the dynamics of parenthood across the lifespan. Interpersonal, familial, and societal roles of parents and the interventions that support individual parent and family well-being outcomes.

2021-288 [10285](#) SOCI 1251/[W](#)

Revise [Course](#) **G(S)**

Current Copy:

SOCI 1251. Social Problems

3.00 Credits

Prerequisites: RHAG students cannot take more than 22 credits of 1000 level courses.

Grading Basis: Graded

Major social problems, their sources in the organization of society, public policies for their alleviation, and questions of ethics and social justice: alcohol and drug abuse, physical and mental illness, sexual variances, poverty and inequality, ethnic and racial prejudice and discrimination, women and gender, the

changing family, violence, crime and delinquency, the environment, urban problems, and population planning and growth. CA 2. CA 4.

SOCI 1251W. Social Problems

Prerequisites: ENGL 1007 or 1010 or 1011 or 2011 or 3800. RHAG students cannot take more than 22 credits of 1000 level courses.

Grading Basis: Graded

Proposed Copy:

SOCI 1251. Social Problems

3.00 Credits

Prerequisites: RHAG students cannot take more than 22 credits of 1000 level courses.

Grading Basis: Graded

An examination of how institutional and organizational features of societies generate contemporary social problems, public policies for their alleviation, and questions of ethics and social justice. Topics may include substance use and misuse, mental illness, crime, social inequality, racism, gender disparities, climate change, and human rights.

SOCI 1251W. Social Problems

Prerequisites: ENGL 1007 or 1010 or 1011 or 2011 or 3800. RHAG students cannot take more than 22 credits of 1000 level courses.

Grading Basis: Graded

[\[return to top\]](#)

2021-291 [10466](#) PNB 3253W

Add [Course](#) (G)(S)

Proposed Copy:

PNB 3253W. Current Topics in Molecular and Developmental Neurobiology

3.00 credits

Prerequisites: PNB3251. Open to Juniors and Seniors only

Recommended Preparation: PNB2274, PNB2275

Grading Basis: Graded

Current topics from primary literature. Molecular mechanisms of brain and nervous system development.

[\[return to top\]](#)

2021-292 [10549](#) PNB 5001

Add [Course](#)

Proposed Copy:

PNB 5001. Principles of Physiology and Neurobiology I

3.00 Credits

Prerequisites: None
Grading Basis: Graded

Molecular foundations of physiology and neurobiology. Discussion of classic and emerging literature, experimental design, and research technologies. Topics may include genetics, protein biology, cell structure and function, and neurophysiology.

[\[return to top\]](#)

2021-293 [10550](#) PNB 5002

Add [Course](#)

Proposed Copy:

PNB 5002. Principles of Physiology and Neurobiology II

3.00 Credits

Prerequisites: PNB 5001 or permission of instructor

Grading Basis: Graded

Foundations of physiology and neurobiology. Discussion of classic and emerging literature, experimental design, and research technologies. Emphasis on systems physiology.

[\[return to top\]](#)

2021-294 [10605](#) PNB 6415

Add [Course](#)

PNB 6415. Ion Channels and Physiology

3.00 Credits

Prerequisites: PNB5001 and PNB5002

Grading Basis: Graded

Exploration of major classes of ion channels, including ligand-gated, voltage-gated, mechanosensitive, thermosensitive and light-sensitive channels and their roles in physiology. Discussions of research approaches and emerging technologies in ion channel physiology.
