# CLAS Committee on Curricula and Courses

Chair: Steve Stifano  
Minutes: October 4th, 2022  
Meeting Details: 3:30-5:00 PM on WebEx: [https://uconn-cmr.webex.com/meet/scs06002](https://uconn-cmr.webex.com/meet/scs06002)

## I. Approvals by the Chair:

MATH 3180: Mathematics for Machine Learning
Credits: 3.00
Prerequisites: MATH 2110Q and 2210Q
Recommended preparation: MATH 3160
Grading Basis: Graded

Applications of elementary linear algebra, probability theory, and multivariate calculus to fundamental algorithms in machine learning. Topics include the theory of orthogonal projection, bilinear forms, and the spectral theorem to multivariate regression and principal component analysis; optimization algorithms such as gradient descent and Newton's method applied to logistic regression; and convex geometry applied to support vector machines. Other topics include Bayesian probability theory and the theory of convolution especially as applied to neural networks. Theory illustrated with computer laboratory exercises.

SOCI 2655. Sociology of Carework
3.00 credits
Prerequisites: none
Grading Basis: Graded

Organization of carework, both nurturing and social reproduction, including activities essential for daily living; meanings and complexity of carework in varied contexts, for diverse populations, and through different working conditions; alternative ways of organizing carework infrastructure.

SOCI 2655W. Sociology of Carework
3.00 credits
Prerequisites: ENGL 1007 or 1010 or 1011 or 2011
Grading Basis: Graded

Students in the Human Development and Family Sciences major must complete the following requirements: HDFS 1070; PSYC 1100, 1103 (or 1101); SOCI 1001 or HDFS 1060; and STAT 1000Q or 1100Q (Note: These courses may also fulfill University General Education requirements).
Students must meet the information literacy and writing competency requirements through satisfactory completion of HDFS 2004W and one of the following: HDFS 4007W, 4087W, or 4181W.

The major in Human Development and Family Sciences requires 43 credits at the 2000 level or above including 31 credits in Human Development and Family Sciences and 12 credits in courses related to but outside the major department. A student completing requirements for a major must have a grade point average of 2.0 or better in the credits that count toward the major in Human Development and Family Sciences. Students are allowed much flexibility in tailoring their major to meet their particular interests and educational goals. Working with their advisors and other faculty, students can develop their HDFS plan of study to reflect inter-related areas of expertise in areas such as Early Childhood Education, Child and Adolescent Development; Adulthood, Aging, and Gerontology; Couples, Parents, and Families; Health, Wellbeing, and Prevention; and Diversity and Culture.

This major must include all of the following required courses: HDFS 2001, 2004W, 2100, 2200, and 2300.

This major must include the completion of one of the following courses: HDFS 3520, 3530, 3540, or 3550.

This major must include completion of one of the following courses as a second W: HDFS 4007W, 4087W, or 4181W.

This major also must include at least nine credits from the following courses: HDFS 2142E, 3042, 3083*, 3092**, 3095, 3098, 3101, 3102, 3103, 3110, 3120, 3122, 3123, 3125, 3127, 3141, 3240, 3249, 3250, 3251, 3252, 3261, 3268, 3277, 3310, 3311, 3319, 3340, 3341, 3342, 3343, 3420, 3421, 3423, 3425, 3430, 3431, 3432, 3433, 3442, 3473, 3510, 3520, 3530, 3540, 3550, 4004, 4007W, and 4255.

requirements). Students must meet the information literacy and writing competency requirements through satisfactory completion of HDFS 2004W and one of the following: HDFS 4007W, 4087W, or 4181W.

The major in Human Development and Family Sciences requires 43 credits at the 2000 level or above including 31 credits in Human Development and Family Sciences and 12 credits in courses related to but outside the major department. A student completing requirements for a major must have a grade point average of 2.0 or better in the credits that count toward the major in Human Development and Family Sciences. Students are allowed much flexibility in tailoring their major to meet their particular interests and educational goals. Working with their advisors and other faculty, students can develop their HDFS plan of study to reflect inter-related areas of expertise in areas such as Early Childhood Education, Child and Adolescent Development; Adulthood, Aging, and Gerontology; Couples, Parents, and Families; Health, Wellbeing, and Prevention; and Diversity and Culture.

This major must include all of the following required courses: HDFS 2001, 2004W, 2100, 2200, and 2300.

This major must include the completion of one of the following courses: HDFS 3520, 3530, 3540, or 3550.

This major must include completion of one of the following courses as a second W: HDFS 4007W, 4087W, or 4181W.

This major also must include at least nine credits from the following courses: HDFS 2095, 2142E, 2620, 3042, 3083*, 3092**, 3095, 3098, 3101, 3102, 3103, 3110, 3120, 3122, 3123, 3125, 3127, 3141, 3240, 3249, 3250, 3251, 3252, 3261, 3268, 3277, 3310, 3311, 3319, 3340, 3341, 3342, 3343, 3420, 3421, 3423, 3425, 3430, 3431, 3432, 3433, 3442, 3473, 3510, 3520, 3530, 3540, 3550, 4004, 4007W, and 4255.
These nine credits may include elections from HDFS 3520, 3530, 3540, 3550, or 4007W if not applied to satisfaction of the foregoing requirements.

* No more than six credits can be counted toward the nine selected credits.

** No more than three credits can be counted toward the nine selected credits.

Minors

Minors in Gerontology and Human Development and Family Sciences are offered. Please refer to their descriptions in the Minors section of this Catalog.

Honors Program

The Human Development and Family Sciences Honors Program offers motivated students a way of enhancing their studies while providing distinction to their academic records through more in-depth study and the opportunity for independent projects or research. Human Development and Family Sciences majors with an overall GPA of 3.2 or higher and a GPA in the major of 3.5 or higher are eligible to apply to the Honors Program in Human Development and Family Sciences. Students should apply as early as possible, and applications will not be accepted after the first semester of a student’s junior year. Honors Scholars who complete the required honors course work and an approved honors thesis project, as well as maintain the required GPA, will graduate with a degree with Honors. For more information on this program, contact the Human Development and Family Sciences Honors Advisor.
The minor in Culture, Health, and Human Development (CHHD) is an interdisciplinary minor that fosters an integrative cultural perspective on human development and health, including issues related to diversity both within and across various populations. By providing students an opportunity to explore systematic relationships among culture, health, and human development, the minor can address gaps between the traditional disciplines. It is intended to improve understanding and respect across perceived cultural, racial, and ethnic boundaries, and to encourage culturally informed approaches in the social and health services.

Fifteen credits (primarily at the 2000-level or above) are required for the CHHD minor, to be chosen from the courses listed below. No more than six credits can be applied from any one category: culture, health, or human development. Further, students can count toward this minor no more than six credits in their major. Other credit restrictions may apply by major.

The CHHD minor is organized by the Center for the Study of Culture, Health, and Human Development, and managed by the Department of Human Development and Family Sciences.

HDFS 2001, HDFS 3141, HDFS 3310, HDFS 3421, HDFS 5020, NUSC 2200, SLHS 4123, SLHS 4254.

---

2223-019  **12825** ECON 3317  Add Course

Approved Copy

3317. Machine Learning for Economists
3.00 credits
Prerequisites: ECON 2311Q, 2312Q, and 3321. Not open for credit to students who have passed ECON 5317.
Grading Basis: Graded

Machine learning techniques and causal inference. Applications to economic data.

---

2223-027  **14605** ECON 3318  Add Course
3318. Panel Data Econometrics.
3.00 Credits.
Prerequisites: Econ 2311Q, Econ 2312Q and ECON 3321. Not open for credit to students who have passed ECON 5318.
Grading Basis: Graded.

Standard panel data models with an emphasis on determining when causal relationships can be inferred from panel data.

2223-022  14606  JOUR 4065  
Existing Copy  
4065 Advanced Visual Journalism  
3.00 credits  
Prerequisites: JOUR 3065; open to juniors or higher.  
Grading Basis: Graded  

Explores multimedia storytelling through time-based media from a journalistic perspective. Students will develop multimedia narrative skills using photography, videography, and audio to create new media content.

Approved Revisions, Changes Highlighted  
4065 Video Storytelling  
3.00 credits  
Prerequisites: None. Recommended Preparation: JOUR 2065 and 3065.  
Grading Basis: Graded  

Explores journalistic storytelling techniques through video. Students will learn how to gather video and audio content and develop production and post-production techniques to create and publish extended narrative multimedia projects.

2223-023  14725  JOUR 2065  
Existing Copy  
2065. Mobile Storytelling  
3.00 credits  
Prerequisites: JOUR 1002, which may be taken concurrently; open to sophomores or higher.  
Grading Basis: Graded  

Entry-level photojournalism course that develops aesthetic and technical skills for storytelling using mobile equipment such as smartphones.

Approved Revisions, Changes Highlighted  
2065. Mobile Storytelling  
3.00 credits  
Prerequisites: None. Recommended Preparation: JOUR 1002.  
Grading Basis: Graded  

Entry-level photojournalism course that develops aesthetic and technical skills for storytelling using mobile equipment such as smartphones.

2223-024  13665  JOUR 3030  
Existing Copy  

3030. The Editor's Craft
3.00 credits
Prerequisites: JOUR 2000W. Recommended preparation: JOUR 2001W.
Grading Basis: Graded
News value; information verification; editing for grammar, spelling, punctuation, and style; content editing; headline writing; search engine optimization; handling visuals; building data visualizations; basic layout and design for print and digital platforms.

3030. Multiplatform Editing
3.00 credits
Prerequisites: JOUR 2000W. Recommended preparation: JOUR 2001W.
Grading Basis: Graded
News value; information verification; editing for grammar, spelling, punctuation and style; headline writing; search engine optimization; handling visuals; building basic data visualizations; basic layout and design for print and digital platforms; aggregation; interactive news story production; audience engagement and social media.

2223-025  14706  JOUR 3000W
Revise Course (G)(S)

Existing Copy
3000W. Public Affairs Reporting
3.00 credits
Prerequisites: JOUR 2001W; ENGL 1007 or 1010 or 1011 or 2011; open to juniors or higher.
Grading Basis: Graded
In-depth reporting on state and local government-municipal agencies, boards, commissions, courts, public safety, schools. Field Trips required.

Approved Revisions, Changes Highlighted
3000W. Community News Reporting
3.00 credits
Prerequisites: JOUR 2001W; ENGL 1007 or 1010 or 1011 or 2011
Grading Basis: Graded
In-depth reporting across platforms on local and state issues and events, including government, politics, schools, public safety and a diverse base of community organizations and groups.

2223-026  11265  PHIL 5484
Add Course

Approved Copy
PHIL 5484: Proposal, Prospectus, and Dissertation Writing Seminar.
2.00-3.00 Credits. Repeatable for credit up to a maximum of 12 credits.
Prerequisites: Open to graduate students in Philosophy; others by instructor consent.
Grading basis: Graded
Philosophy students will write and circulate drafts and get feedback on their proposal, prospectus, or dissertation, and practice the presentation of their work. Students working on philosophical theory outside the department are also welcome.

2223-029  14305  PHIL 3202
Add Course
Approved Copy
3202. Data Ethics  
3.00 credits  
Prerequisites: One three-credit course in Philosophy at the 1100 level.  
Grading Basis: Graded  

Ethical and epistemological questions encountered in collecting, interpreting, inferring from and acting upon data—including when these activities are automated or carried out on large observational data sets. Issues may include data privacy and ownership; informed consent; algorithmic bias, equity, and transparency; the theory-ladenness of data; the logic of scientific inference; corporate and institutional responsibility; and implications for democratic and other social values.

### 2223-028 14765 PHYS 1201  
**Revise Course (G)(S)**

<table>

| 2600. Introduction to Literary Studies  
3.00 credits  
Prerequisites: ENGL 1007 or 1010 or 1011 or 2011; open to English majors, others with instructor consent.  
Grading Basis: Graded  
Skills essential for the successful pursuit of a degree in English: textual analysis (close reading of poetry and prose), literary criticism and theory, research and citation methods, and critical writing | 2600. Introduction to Literary Studies  
3.00 credits  
Prerequisites: none  
Grading Basis: Graded  
Skills essential for the successful pursuit of a degree in English: textual analysis (close reading of poetry and prose), literary criticism and theory, research and citation methods, and critical writing |
### 2223-032 | 14985 | GEOG 2510 | Drop Course (S)

**Catalog Copy**

2510. Visualizing Geographic Data  
3.00 credits  
Prerequisites: None.  
Grading Basis: Graded

Survey of methods for representing geographic data in tables, graphs, and maps emphasizing proper application, integration, and interpretation of methods in data visualization.

### 2223-033 | GIS | Revise Major

**Existing Copy**

**Bachelor of Science or Bachelor of Arts**

Students can obtain a B.S. or B.A. degree. The GIScience B.A. degree does not require students to take biology, chemistry, physics, or calculus, and focuses on classes related to spatial analysis of social issues. The GIScience B.S. degree requires students to take biology, chemistry, physics and calculus and is intended as preparation for students pursuing a career in natural science or engineering with geospatial technology.

**Major Requirements**

The major in GIScience requires at least 26 credits of 2000-level or higher courses in the Department of Geography. GIScience majors complete basic core courses before beginning advanced courses. Recommended preparation for the major: GEOG 1302 and 1010.

**Required Core Courses (at least 14 credits)**

GEOG 2500, 2505, 3510 or 3500Q, 3530, and any GEOG W course at the 2000 level or above (one or three credits).

**Approved Revisions, Changes Highlighted**
